Nakshatra Electronics: Customer Handbook

Version 4.2, effective 1 September 2026. A fictional company, created for training only. Any resemblance to a real business is accidental.

1. About this handbook

This handbook explains how shopping with Nakshatra Electronics works: ordering, delivery, payments, returns, warranty, offers and support. Customer support staff and our website assistant use this handbook as the single source of truth. If a web page and this handbook disagree, this handbook applies.

2. Placing an order

Orders can be placed on our website and our mobile app. Each order receives an order number that starts with NK, followed by ten digits, for example NK2026001234. You receive the order number by SMS and email within five minutes of placing the order.

A single order can contain up to 10 units of the same product. Bulk orders above this limit are handled by our business sales team at business@nakshatra.example.

An order can be cancelled free of charge until it is shipped. Once an order is shipped, it cannot be cancelled, but it can be returned after delivery under the return policy in section 5.

3. Delivery

We deliver to more than 19,000 PIN codes across India. We do not ship outside India.

Standard delivery takes 2 to 3 working days in metro cities and 4 to 7 working days elsewhere. Same-day delivery is available in Mumbai, Pune, Bengaluru and Hyderabad for orders placed before 12 noon on items marked Same day.

Delivery is free for orders of Rs. 499 or more. Orders below Rs. 499 carry a delivery fee of Rs. 49. Large appliances such as televisions above 50 inches, refrigerators and washing machines are delivered by our appliance partner, who calls the customer the day before to fix a two-hour delivery slot.

If the courier attempts delivery three times without success, the order is returned to our warehouse and the full amount is refunded.

Payments

4. Accepted payment methods

We accept UPI, RuPay, Visa and Mastercard debit and credit cards, net banking from major Indian banks, and our own gift cards. Cash on delivery (COD) is available for orders up to Rs. 20,000. COD is not available for laptops, smartphones above Rs. 20,000, or gift cards.

Card details are never stored on our servers. Saved cards are stored as tokens with the card network, in line with Reserve Bank of India rules.

4.1 Failed and pending payments

If money is deducted from your account but the order is not confirmed, the payment is marked as failed on our side. The amount is reversed automatically to the original account within 5 to 7 working days. Customers do not need to raise a request. If the amount has not returned after 7 working days, contact support with the UPI reference number or the card transaction ID.

A pending payment is held for up to 30 minutes. If the bank confirms it within that time, the order is placed. If not, the payment is treated as failed and reversed as above.

4.2 Gift cards

Nakshatra gift cards are available in values from Rs. 500 to Rs. 25,000. A gift card is valid for 12 months from the date of purchase. Gift cards cannot be exchanged for cash, and they cannot be used to buy other gift cards. A gift card can be combined with one other payment method in the same order.

4.3 Invoices and GST

Every order comes with a tax invoice, available in My Orders after shipping. Business customers can enter their GSTIN at checkout to receive a GST invoice. A GSTIN cannot be added to an invoice after the order is shipped.

Returns, Replacements and Refunds

5. Return window

From 1 September 2026, most products can be returned within **7 days of delivery**. The earlier 10-day return window no longer applies, including for orders delivered before that date that are still pending a return request.

To be eligible, the product must be unused, in its original box, with all accessories, manuals, free gifts and the serial number label. Phones and laptops must have all screen locks and accounts removed before pickup.

5.1 Products that cannot be returned

Product type	Rule
Earphones, earbuds and headphones	Not returnable once the hygiene seal is opened. Defective units can be replaced within 7 days.
Software, games and gift cards	Not returnable.
Printer ink, toner and batteries	Not returnable once opened.
Televisions above 50 inches	Returns only for damage or defects, reported within 48 hours of delivery and confirmed by a technician visit.

5.2 Replacement

If a product arrives defective or damaged, the customer may choose a replacement of the same model instead of a refund, if it is in stock. Only one replacement is offered per order item. If the replacement is also defective, a full refund is given.

5.3 Refund timelines

Refunds are started within 2 working days after the returned product passes our quality check. UPI and card refunds then take 5 to 7 working days to reach the customer. For cash on delivery orders, the refund is sent by bank transfer to an account the customer provides, or instantly as store credit if the customer prefers.

Return pickup is free for every eligible return.

Warranty, Installation and Repairs

6. Manufacturer warranty

All new products sold by Nakshatra Electronics carry the manufacturer's warranty. The warranty period is shown on each product page. For most phones, laptops and televisions it is one year from the date of delivery. Warranty claims are handled by the brand's authorised service centres. Customers need the Nakshatra tax invoice as proof of purchase.

Products that fail within 7 days of delivery may be returned to Nakshatra for a replacement instead, under section 5.2.

6.1 Nakshatra Care+ extended warranty

Nakshatra Care+ adds one or two extra years of cover after the manufacturer's warranty ends. It is available for televisions, laptops, refrigerators, washing machines and air conditioners. Care+ must be bought together with the product, or within 30 days of delivery. It covers manufacturing defects only, not accidental or liquid damage.

6.2 Damage protection

A separate damage protection plan covers accidental and liquid damage for selected phones and laptops for one year. It allows one claim per year. The plan must be bought within 7 days of delivery and the device must pass a remote screen check in the Nakshatra app.

6.3 Installation

Free installation is arranged for televisions, air conditioners, washing machines and water purifiers. The brand's technician visits within 2 working days of delivery in metro cities and within 4 working days elsewhere. Wall-mount brackets for televisions are included free with televisions of 43 inches and above. Extra pipes for air conditioners beyond 3 metres are charged by the technician as per the brand's rate card.

Offers, EMI and Exchange

7. No-cost EMI

No-cost EMI is offered on selected products with credit cards from partner banks, for tenures of 3, 6 or 9 months. The interest is paid by Nakshatra or the brand as a discount, so the total amount paid equals the product price. Some banks charge a one-time processing fee, which is set by the bank. Debit card EMI is available for pre-approved customers of some banks.

7.1 Coupons

Only one coupon can be applied per order. Coupons cannot be combined with no-cost EMI unless the coupon says so. Coupons have a minimum order value and an expiry date, shown in the coupon details.

7.2 Exchange offer

Old smartphones and laptops can be exchanged against a new purchase of the same category. The customer answers questions about the old device's condition, and an exchange value is shown before checkout. The courier checks the old device at the time of delivery. If its condition does not match the answers, the courier may lower the exchange value; the customer can then pay the difference or refuse the delivery.

Exchange is available only in PIN codes marked Exchange available. Devices that are locked, with a cracked screen that is not declared, or reported stolen are not accepted.

7.3 Student programme

Students can verify a college email address in My Account to unlock student prices on laptops, tablets and accessories. Verification is valid for 12 months. Each student can buy up to 2 laptops a year at student prices.

7.4 Price changes

Prices may change during sales. Nakshatra does not offer price protection or price matching. If a price drops after an order is placed, the difference is not refunded.

Accounts, Privacy and Support

8. Your account

Each mobile number can be linked to only one Nakshatra account. A customer can delete their account from My Account, Privacy, once all orders are delivered or cancelled. Invoices are kept for 8 years, as required by tax law, even after the account is deleted.

8.1 Privacy

Nakshatra collects only the data needed to deliver orders, provide support and meet legal duties. Customer data is not sold to third parties. Marketing messages by SMS, WhatsApp or email can be switched off at any time from My Account, Notifications. Order updates are always sent.

9. Contacting support

Channel	Hours and details
Chat assistant	24 hours, all days. Type Agent to reach a person between 9 am and 9 pm.
Phone support	9 am to 9 pm, all days, on the number shown on the Contact us page.
Email	support@nakshatra.example. Replies within 1 working day.

9.1 Escalation

If a complaint is not resolved within 3 working days, the customer can escalate it to the Escalations team from My Orders, Help, Escalate. The Escalations team replies within 2 working days.

If the customer is still not satisfied, they can write to the Grievance Officer, Ms. Kavya Raman (fictional), at grievance@nakshatra.example. The Grievance Officer acknowledges every complaint within 48 hours and resolves it within 30 days.

10. Changes to this handbook

This handbook is reviewed every quarter. The version number and effective date are shown on the first page. Previous versions are kept in the Help Centre archive for reference only.
